**13. Comparable Services (SEC. 1113(b)(1)(D))**

Check here if you are a Charter or Lab School (Skip to Question 14)

LEA did not skip schools within rank order (Skip to Question 14)

In accordance with federal law, an LEA may skip and not serve an eligible attendance area or school if

- the school meets comparability requirements; and
- the school is receiving supplemental funds from other State or local sources that are spent for programs that meet the requirements of Title I and those funds are at least the same as would have come from Title I.

Comparable services are provided for (1) schools that are skipped within a selected grade-span; and (2) schools that are skipped in the district as a whole. Complete the following table for eligible attendance areas/schools, in a selected grade-span or in the district as a whole, that will be skipped and will not receive Title I funds. Attach additional pages as needed.

Note: Approval for skipping schools is contingent upon the LEA's provision on substantial evidence that supports that supplemental state and local funds are provided. Approval is granted on a school-by-school basis.

LEA Per Pupil Cost:

List the skipped schools. For each one, calculate the amount of Title I funds the school would receive if it had been included in Title I, given its position in rank order. The amount is determined by multiplying the PPA the school would have received by the number of low-income students.

\*Low-Income Students

Description of Comparable Services (Describe each school separately):

Provide a brief description of the comparable services to be offered, to include additional Title I allowable positions and the corresponding salary. Section 1113(b)(1)(D)(ii) allows an LEA to skip an eligible school attendance area or school that has a higher percentage of poverty if the area or school is receiving supplemental funds from other State or local sources that are spent according to the requirements of section 1114 or 1115. A supplemental State or local program meets the requirements of Section 1115 if the program:

- Serves only children who are failing, or most at risk of failing, to meet the State's challenging student academic achievement standards;
- Provides supplementary services designed to meet the special educational needs of the children who are participating in the program to support their achievement toward meeting the State's student academic achievement standards; and
- Uses the State's assessment system described in §200.2 of the Title I regulations to review the effectiveness of the program

**14. Targeted Assistance Schools (please make sure this aligns with ESSR) (SEC. 1115)**

## 17. Supplement, Not Supplant (SEC. 1118(b)(1)-(4))

\* The LEA attests that district reservation of state and local funds is used in a Title I neutral manner.

\* A Local Educational Agency (LEA) shall use Federal funds received under this part only to supplement the funds that would, in the absence of such Federal funds, be made available from State and local sources for the education of students participating in programs assisted under this part, and not to supplant such funds. Describe the methodology used to allocate State and local funds to each school receiving assistance under this part, thus ensuring that such school receives all the State and local funds it would otherwise receive if it were not receiving assistance under this part.
